

# Joan Kirner Women's and Children's Hospital

---

An IntraSpace Project

## ABOUT THE PROJECT

The Joan Kirner Hospital is a multi-storey facility featuring 20 maternity delivery rooms, 237 beds, 39 special care nursery cots, four theatres and additional clinics.

Due to be completed in 2019, the Joan Kirner Women's and Children's Hospital caters for the growing needs of Melbourne's west, which is currently experiencing significant growth.

Fittingly named after the late Premier, Joan Kirner AC was the first female Premier of Victoria, a passionate advocate for women and children and lived in Melbourne's west.

The new facility will consolidate inpatient and outpatient women's and children's services at Western Health and will enable more women and families in Melbourne's west to give birth and access children's services closer to home. It will be located on the eastern side of the Sunshine Hospital site.

## PROJECT SCOPE

IntraSpace was pleased to be involved with this project and to deliver the 5th Locker project for Lend Lease. All lockers are fitted with the Digi 4 locks, that allow all lockers to be freely used by staff with a 4 digit code. This allows for more of a 'hot locker' scenario than having a dedicated locker per staff member. Most lockers were built in with bulkheads and some included the integrated shoe box and bench out the front.

All wardrobes were fitted out with IntraMed Custom Wire Baskets on pull out runners.

The project was delivered in time and on budget, and IntraSpace met all the requirements that Lend Lease had with installing these in conjunction with other trades over the 7 floors.

## ABOUT INTRASPACE

IntraSpace is dedicated to providing effective and efficient Storage & Office Furniture Solutions for all areas of Healthcare, Schools, Universities, Libraries and Corporate Offices.

IntraSpace works with our clients across Australia in the design, layout, supply and install of quality Storage and furnishing solutions. Central to our design philosophy is the combination of best use of space with the ability to refresh floor layouts via flexible solutions.

With over 15 years' experience, IntraSpace designs high quality, compliant retro-fits, upgrades or new fit-outs that function seamlessly within the everyday demands of your space ...because space is valuable!
