

Latrobe Regional Hospital - Traralgon

An IntraSpace Project

ABOUT THE PROJECT

- Latrobe Regional Hospital (LRH) offers a suite of medical and specialty services for a population of more than 260,000 in the Gippsland region in southeast Victoria.
- The hospital provides emergency care, elective surgery, maternity, aged care, rehabilitation, pharmacy and mental health services as well as radiation oncology. LRH treats approximately 130,000 patients every year; more than a quarter of these seen by the increasingly busy Emergency Department.
- To meet the growing demand for services in the region, the hospital planned a massive upgrade to their infrastructure. The stage 2A expansion of the Hospital included construction of a new Emergency Department with more than double the existing capacity of the previous facility. The redevelopment also included a new main entrance or 'atrium' and admissions area, a state-of-the-art 30 bed ward, a 12 bed short stay unit, two day rooms for endoscopy procedures, a new carpark and Gippsland's first Cardiac Catheterisation Laboratory.

PROJECT SCOPE

IntraSpace were engaged by Latrobe Regional Hospital to provide and fitout all shelving and storage requirements for the Stage 2A project. This involved Wire Shelving, Wire Baskets and Pharmacy Shelving, along with Metal Lockers. All Lockers were provided with a digital keypad for staff to easily access the lockers. A lot of stainless steel trolleys including custom trolleys were also provided for the Cath Lab and other areas.

The project was delivered on time and on budget.

ABOUT INTRASPACE

IntraSpace is dedicated to providing effective and efficient Storage & Office Furniture Solutions for all areas of Healthcare, Schools, Universities, Libraries and Corporate Offices.

IntraSpace works with our clients across Australia in the design, layout, supply and install of quality Storage and furnishing solutions. Central to our design philosophy is the combination of best use of space with the ability to refresh floor layouts via flexible solutions.

With over 15 years' experience, IntraSpace designs high quality, compliant retro-fits, upgrades or new fit-outs that function seamlessly within the everyday demands of your space ...because space is valuable!
